Testimonials

- “ Recruiting core banking professionals with the right skillset has always been a challenging and time-consuming process, at least that had always been the case until working with Skillfinder. After some discussion, Skillfinder was able to provide an impressive shortlist of high-quality, qualified, candidates. Thanks to Skillfinder, what is usually an arduous and unfruitful endeavour turned out to be a straightforward and successful engagement. ”

MANAGER & CORE BANKING SOLUTIONS ARCHITECT

- “ I can highly recommend Dawid as a recruitment consultant. He worked tirelessly throughout the entire recruitment process to ensure the best outcome for all. I appreciated that he was always quick to respond to questions and queries and provided regular updates. We worked together on what I would describe as a difficult negotiation which involved a lot of back and forth. David showed himself to be the utmost professional throughout the entire process, in the end, he helped me to secure the position I wanted and I would not hesitate to work with him again in the future. ”
